

DEREK SKEES

For State Legislature ♦ House District 4

- Living in the Flathead for sixteen years and providing jobs for the district for the last five years. I have the business experience needed to help the state thrive with less of our money. I have demonstrated this by my construction company bringing a million dollars of construction work for employees and sub-contractors in the district this year.
- Issues important to us that needs to be addressed in Helena:
Eliminate the business equipment tax and allow for the private sector to drive our economic recovery
Immediate property tax relief, with a roll back of the rate and legislation that prevents the seizure of property for failure to pay in the short term
Eliminate vacancy savings in State Government departments
Eliminate Base Line Spending and allow for transparency in budgets by changing the government accounting to better match business accounting practices and make them available to the public
- We need to reduce state spending to put more money into your pocket and make sure Helena does not raise your taxes.

*Working for tax relief
Working for small business
Working for Montana families
Working for You*
